To All Distributors and Resellers -

Effectively immediately, ALL Distributors and Resellers are to cease selling Black Widow Exhausts' products on ANY 3rd party Marketplace store. This includes, but is not limited to, Amazon, eBay and any other website that is not a direct online store.

All Distributors and Resellers currently selling on a Marketplace store have 30 days from the date of this letter to remove their product.

This decision was made as a result of continued Distributor and Reseller abuse of our MAP pricing and the profit losses experienced by brick and mortar shops.

Thank you for your attention to this matter.

Sincerely,  
Black Widow Exhaust
